lands to 15 acres.

Please see the Secretary's query
on para 4 of the K. A. D. B. G. M. S.
letter below.

In Gadi No. 48 dated
17th July 1895, the Deputy
Commissioner observed that
even the portion now re-
quired by the applicant
in the western part of Survey
No. 82, seemed to contain
Teakwood trees and re-
quested the Forest Officer
to favor ^{him} with his opinion
in regard to the grant of
the said land for Coffee
Cultivation.

no. 477 d 14/2/96

In reply, the Forest
Officer stated as follows

"I have this day
inspected Survey No. 82
of the Nandibathur vil-
lage. It is entirely
a jungle tract. It contains
teak, sandal ^{wood} & other pre-
served kind of forest
trees. It cannot be
said that the trees are
thickly grown in all places
as there are some vacant
spots at intervals. A

the western part of the
number which the dar
Khasdar now was he
to have, Contain's Nalla
it is not well suited
for the growth of teak-wood.
As it is a Nalla tract,
the question of granting
the same for Coffee culti-
vation, should be decided
by the Deputy Commr
himself.

But the Dy Commr. in para 2
of his Hookoom No. 1504 of 21st
April 1896, to the Amildar,
states that the Forest Officer
in his No. 677 of 14th Febry 1896
is of opinion that the land in
question is well suited for
the growth of teak-wood.

On a reference to the
Amildar he stated that the
Nalla running in the western
part of Survey No. 82, was not
useful to any land for irri-
gation purposes and therefore
requested orders as to the grant
or otherwise of the land applied
for.

In reply, the Amildar
was directed to sell the land
in public sale under the rules
& to submit a report to that
effect.

Hence the present recommendation

Sir,

I have the honor to forward for orders of Government, papers relating to certain Coffee lands, out of Survey No. 165, (Coffee Kharab) of Kolagave village, Sahikmapalur Taluk, sold to Mr. Raikes recently.

2. The sarakhast for the land in question was put in, in January 1895 by Mr. Raikes - he estimated the land required by him at 20 acres.

3. On rough measurement by the Sheikdar the plot was estimated at 15 acres 16 guntas. In the resurvey the stream preserve was excluded, and the plot then measured 14 acres 6 guntas. The resurvey was approved by the Deputy Commissioner in September 1897 - the plot was put up to auction on the 28th February 1898.

Sir,

I have the honor to forward for the orders of Government, correspondence ending with the Farikere Amildar's report no 1193 dated 6th Ultimo.

2. In 1894, one Rudre Gowda of the Nandibathu village, Farikere Taluk, applied for the following lands for coffee cultivation:—

Nandibathu village { (a) 3 acres out of sur: no 27
(b) 3 — — — — — 82

Tigada — " — (c) 4 — — — — — 21

3. I was pointed out to the applicant that his application for land for less than 5 acres out of a survey number (which was the minimum area then in force) would not be entertained. The applicant in 1895 withdrew his draft and applied for about 10 acres out of survey no 82 (sold every year for kulbanni) of the Nandibathu

village

village.

4. As it was reported that there were teak trees on the number, the papers were referred to the Forest department for inspection and report.

the survey.

1/9/98

It was finally reported by the Amildar in 1896 that in about 8 acres of the land applied for, there were no valuable timber trees worth preserving, that it might be disposed of under the Coffee Rules, and that the small and insignificant water-course existing in the land in question was not useful for irrigation or any other purposes.

6. The land was resurveyed in 1897 when it measured ^{4 1/2} 6-10, 6 guntas of which was deducted as Kharab for the water-course. The land was put up for sale on 30th March 1898, and the dar Khastdar himself purchased it for Rs 65/- and paid the purchase money in time.

7. The applicant is an old Gowda and says he cannot afford to take up more than 6 acres of the land applied for. As the dar Khast has been

so long pending and the sale conduct-
ed very shortly after the issue of the
Government Order raising the mini-
mum from 5 to 15 acres, I would re-
commend the sale being confirmed.

application was ^{not granted} allowed
to be withdrawn. ^{Byeprints} He then

applied for about 10 acres

out of Survey No. 82 of

the Mandibathu village.

As ^{to} the grant of which the
villagers had no objection.

The Amildar reported
that in the portion applied
for, there were no valuable
timber trees worth preserving,
and that the small and
insignificant watercourse
existing thereon was not
useful for irrigation or
any other purposes, and
recommended that the
same might be disposed
of under the Coffee rules.

The Forest Officer
was also of opinion that
the land in question was
not well suited for the
growth of teakwood.

After resurvey, the
land was found to contain

In December 1897, the Deputy
Commissioner directed the
Amildar to sell the land
by public auction. It was
accordingly sold on 10th
March 1898 and purchased
by the Darkhastdar for
Rs 65/- and the whole of
the purchase money was
paid up.

The Deputy Commr.
states that the applicant
cannot afford to take up
more than 6 acres of land,
and that as the darkhast
has been so long pending
and the sale ^{was} conducted
very shortly after the issue
of Govt Pro: No. 5934-42

present Case, the order for
